Week 3

Reading:

Exercises:

Use COSIVINA to do the Exercises from Chapter 1 (using `launcherTwoNeuronSimulator`) and Chapter 2 (using `launcherOneLayerField`). In the Chapter 2 exercises, we are instructed to load some predefined parameter sets. To do this, click the “LOAD” button, and in the dialog box, navigate to the Examples folder and select the ones suggested:

- presetOneLayerField_stabilized
- presetOneLayerField_memory
- presetOneLayerField_selection

Week 4
